

2025 - Mooring Rules - 2025

By submitting a Mooring Agreement form you are agreeing to abide by all mooring rules.

Mooring sites are available and allocated to Members utilizing a Lottery System.

Placement of Watercraft

- 1) Your slip is to the **right** of your numbered post while standing on the shore facing the lake. The slips are numbered from left to right.
Your watercraft needs to be positioned in the center of the slip.
- 2) Your **watercraft** must be **secured** by a minimum of three auger-style watercraft securing poles, two at the front of your watercraft (in the water, NOT on land) and one in the back. *Do not secure your watercraft to the LLPOA mooring marker post or place any hardware in the grass for the purpose of securing your watercraft.*
- 3) Your **watercraft platform** may be secured using either the front watercraft poles or two additional poles installed at the front of your watercraft in a manner that would allow safe access to your watercraft. *Do not place your platform onto the grass. as it interferes with lawncare.*
Please note that mooring sites will be inspected for compliance with these regulations.

Additional Mooring Requirements and Restrictions

- 4) No personal items may be stored/kept on your mooring slip or platform. All items must be stored and secured inside your watercraft when you are not present.
- 5) No docks or boat lifts are allowed in mooring slips.
- 6) Only one watercraft is allowed in your slip.
- 7) **It is YOUR responsibility to clean out the weeds and leaves at your assigned slip, regularly.**
- 8) Your watercraft must be in the water by June 15th. *If extenuating circumstances exist or if you take your watercraft out for any extended period, please contact the office.*
- 9) All sites must be approached at a **NO WAKE** speed to help prevent erosion to our shorelines.
- 10) Any Member causing damage to LLPOA property, including damage caused by watercraft or poles, will be charged the cost of repair to that property and possible loss of mooring privileges.
- 11) Overnight mooring is only allowed in your assigned mooring slip; no overnight mooring is allowed on any other LLPOA property.

End of Season Removal

- 12) **All** personal property (including poles) **must be removed by October 31st.**
When you remove your watercraft for the season, **remove your poles and platform.**
Members wanting to keep watercraft in past this due date must contact the Office.
- 13) If LLPOA removes any items, the Member will be charged any associated costs, including storage fees for the items and possible loss of mooring privileges.

Refunds

- 14) Refunds are available to a Member if:
 - All your choices of mooring sites are taken and therefore you choose not to moor (100% refund)
 - You initially agree to take a slip, subsequently choose not to moor prior to July 1st and we are able to reassign your slip (50% refund)In either case, the Member must submit a Refund Request Form

Failure to comply with any of these rules will result in forfeiting the opportunity to moor a watercraft next season.

Please consider installing an LLPOA provided TimberChar filter to your slip
if the water depth is 15 feet or more.

If you have any questions, please contact the office: LakeLeAnnPOA@gmail.com or (517) 688-9704.
